DETAILED ACTION

1. Claims 1-5, 8-13, 15, 16, 19-24, 27-32, 34, 35 and 38 are allowed. Claims will be re-numbered as 1-28.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

3. Claim 9 line 2, please replace "the computer system" with -- a computer system --.

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance: The closest prior art of record discloses a method for generating surrogate identifiers to be mapped to user roles as to control access to secured resources based on permissions granted to users. However, the prior art of record individually or in combination does not explicitly disclose remotely accessing a computer system using an active shared directory account maintained on a different computer system; facilitating authentication of a user using only information derived from said shared directory account, wherein said authenticating includes the computer system accessing said shared directory account on the different computer system; and determining that the user does

not have a local account on the computer system in response to successfully authenticating the user thereby recognizing that the user is a non-local user with respect to the computer system in light of other features disclosed in independent claims 1, 9, 20 and 28.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
